NOTICE TO AUTHORS:

The Editors are glad to consider manuscripts which deal with all problems and areas of integration. Please submit copy, typed double-space with ample margins. Length of essays: 5000-6000 words; bookreviews, 700-850 words. Please avoid specialized or technical language, remembering that our audience is a general one, and define words where needful. Papers will be read and evaluated by members of our Editorial Board; we try to

accept or reject within three months. For return, manuscripts should be accompanied by a stamped, self-addressed envelope. References should be listed at the end of papers, as follows: A. I. Oparin, *Origin of Life*, trans. S. Margulis, 3rd ed., N.Y., Dover, 1965, pp. 61-63. If illustrated, drawings should be in black ink on white and photographs should be glossy. A brief biographical sketch of the author should be included. Authors receive 25 complimentary copies of the issue which includes their work; reprints are available at cost if ordered in advance.
